## AUGUST 2024

### *Presidents Report.*

---

Welcome to the August newsletter.

As I am not standing for any positions except Public Officer, I will take this opportunity to express my gratitude to John Crisafi and Phil Coffey without whose weekly help I would not have been able to fulfill my duties as president of this amazing club! To our Vice President Jim Campbell, Jim has been a tower of strength to me and the club, offering aid and advice to all, sister clubs especially, opening his shop and teaching us the intricate details of his work. Thank you, Jim.

To the position holders of the committee, I have had the pleasure of watching you put all your efforts into keeping the club relevant and vibrant and always stepping up for any task that has been asked of you. I sincerely thank each and every one of you! August has come around too quickly. Now it is voting time. The time of year to vote on committee members for the upcoming year. In the rear section of this newsletter, once again you will find a proxy form and an explanation of each committee role. There is also a copy of the last AGM minutes which must be distributed prior to the AGM itself. All positions will be declared vacant prior to the vote.

The committee has come up with the suggestion of holding our 2025 club Concours and Display Day at a new site, several options were put forward, the new committee will put that task to hand. In doing so whomever takes on the role of Concours Coordinator will not have the pressure nor be required to invest the large amount of time that our treasure Phil has put in for these past several years. Thank you, Phil, I know just how much time and effort goes into ensuring that all the I's are dotted, and tees crossed. One suggestion is Cordeaux Dam, we hold our Christmas get togethers there and they have all been a great success! The location has all the facilities that we require as well as a large bitumen car park. This will mean no cost to the club for the facility, and we will bring back the BBQ, of which I have received many requests for it to return.
